

## 2024 CWSA Annual Operator Training Registration Form

*“Practical planning for this summer water supply resilience in light of expected very dry conditions”*

### CWSA Operator Training Courses:

**Dates:** April 3 and 4<sup>th</sup>, 2024

Operator Training courses are accredited by the Environmental Operators Certification Program (EOCP) at 0.6CEU's per training course.

Cost per workshop: \$315 for CWSA Members/\$400 for non CWSA Members

**Staying overnight:** recommendations (reserve as soon as possible due to limited rooms)

Four Points by Sheraton Victoria Gateway, 829 McCallum Road, Langford (Victoria), BC

Course Title: **Operational Best Practices for Water Distribution Systems**

Date: **Wednesday, April 3, 2024**

Instructed by: Mike Ippen

Company: Dragonetti Group

Course description:

*This one day workshop is ideally suited for operators of small and rural water distribution systems, and will be of benefit whether they are experienced or new in the field.*

*The goal is to refresh operators as to established best practices for running a utility, referencing the latest AWWA standards from water main repairs to backflow prevention and unidirectional flushing, to assess where critical gaps may exist and to determine practical steps operators can take to address them.*

**Location:** Four Points by Sheraton  
Victoria Gateway,

829 McCallum Road, Langford  
(Victoria), BC

**Room:** Colwood

**Catering:** lunch/breaks included  
**Time:** 8:30 am - 4:00 pm

Course Title: **Incorporating Climate Change Strategies**

Date: **Thursday, April 4, 2024**

Instructed by: Mike Ippen

Company: Dragonetti Group

Course description: *This one day course is designed to provide operators and supervisors of water and wastewater utilities a deeper understanding of the challenges on the horizon due to climate change. To recognize the risks and determine strategies in planning for the near, mid and long term. The focus for the 2024 CWSA annual program will be on drought prevention and management, through case studies and by showcasing resources to assist utilities staff in planning and implementation.*

### Operator Training Registration:
